

WEST SHOULD UNITE SAYS NEWLANDS

Urges Western Senators To Band Together in Coming Session at Washington

SHARE WANTED OF BIG WATER FUND

Nevada Statesman Suggests in Circular Letter Scheme of Dividing Up Proposed \$50,000,000 Appropriation

RENO, Nov. 21.—Senator Francis G. Newlands has addressed a letter to the senators from the arid and semi-arid states calling their attention to the waterway movement which is being emphasized by the president of the United States, and to the importance of the senators and representatives from the arid and semi-arid states conferring together in the interest of the waterway movement. He calls attention to the fact that the waterway movement is a national movement, and that the senators and representatives from the arid and semi-arid states should band together in the coming session of the United States senate to secure the passage of the waterway bill.

NEWLANDS' LETTER

Senator Newlands' letter is as follows:

My Dear Senator:—The waterway question will come up for action during the next session, and I venture to make a few suggestions as to the course to be pursued by the senators from the arid and semi-arid states in the interest of their region.

In the first place, we have from these states nearly one-third of the entire senate, and we have the power. If we are not unified, we are not a factor in the waterway movement. We should band together in the coming session of the United States senate to secure the passage of the waterway bill.

USE OF FUNDS

Our immediate interest attaches not only to the rivers which are immediately navigable, but to the region controlled by these waterways. Includes two-thirds of the entire area of the country. All the Pacific coast rivers have their sources in the large tributaries of the West, and the large tributaries of the Mississippi (including its tributaries, the Platte, the Arkansas and the Red, have their sources in the Rocky Mountain region.

APPOINTMENT

If we should organize the movement in a big way with the full cooperation of the states, we could have the waterway service on the lines of the canal and co-operation above suggested and creating a fund of \$50,000,000 annually for that purpose. It might be appropriated for the time being as follows:

For the Atlantic waterway, including the coastal canal necessary to connect the bays and estuaries of the Atlantic coast.

For the Pacific waterway, including the coastal canal necessary to connect the bays and estuaries of the Pacific coast.

For the Mississippi waterway, including the coastal canal necessary to connect the bays and estuaries of the Mississippi coast.

EARTHQUAKE WRECKS HOUSES IN SICILY; VESUVIUS IS ACTIVE

CATANIA, Sicily, Oct. 21.—Several houses were wrecked today by a severe earthquake. The people of this place, alarmed by the first shocks, rushed out of their houses and camped.

ICE TRUST IS PUT ON TRIAL

State of New York Is Prosecuting Morse Corporation As Being a Monopoly

NEW YORK, Oct. 21.—Prosecution of the American Ice company, the largest dealer in ice in the world, for alleged violation of the state antitrust law, began in the criminal branch of the Supreme Court today. Deputy Attorney General Roger Clark declared that "this defendant's monopoly of ice in the state is a monopoly of the state itself."

HE SIGNED ORDINANCE OF SOUTHERN SECESSION.

SPARTANBURG, S. C., Oct. 21.—Dr. J. R. Carlisle, president of the college, died here today. He was one of the two surviving signers of the ordinance of secession. He was 84 years of age.

FRESNANS NEAR THE 33RD DEGREE

J. C. Pottle and A. B. Clark Given High Rank By the Masons of Scottish Rite

WASHINGTON, Oct. 21.—At the forty-day session of the Supreme Council of the Scottish Rite, Masons for the southern jurisdiction, which convened today in executive session, nominations for knights of the council of honor were made.

TOUCHES LIVE WIRE IS KILLED BY HIS FALL

SAN FRANCISCO, Oct. 21.—While viewing the Portola parade today, a man from the top of a telephone pole, fell and was killed by a fall to the ground.

SUICIDES IN SANITARIUM.

OAKLAND, Oct. 21.—Edward D. Atwood, an insurance agent, suffering from melancholia and confined in the Livermore sanitarium, committed suicide last night by shooting himself with a revolver. Yesterday he visited his wife and daughter and returned to the sanitarium.

WOMAN SUICIDES UNDER CAR.

PORTLAND, Oct. 21.—Word has been received from Cotton station, seven miles from Portland, that a woman, confined under a car, today by a train, had committed suicide.

EARTHQUAKE REPORTED.

CLEVELAND, Oct. 21.—Announcement was made at St. Ignace college today that a prolonged and somewhat severe earthquake shock was reported by the geographist last night.

GOVERNOR HASKELL DEMURS.

ARMORE, Okla., Oct. 21.—Twenty reasons why Governor Haskell and his cabinet should be removed from office were set forth in a general denunciation in the federal court here today. Judge Marshall will hear the arguments on the denunciation October 28.

NEW CABINET RULES IN SPAIN

Opposition Forces Maura to Resign and Moret Heads the New Administration

PREMIER PROMISES LIBERAL REFORMS

End of Censorship, Amnesty For Political Offenses and the Publication of Ferrer Documents Are Pledged

MAIDRID, Oct. 21.—The Spanish cabinet formed in 1897 under the leadership of Antonio Maura, resigned today, and the government by the former premier, Moret y Prendergast, representing a powerful opposition.

THREE LADS ARE BLOWN TO ATOMS

Explosion of 500 Giant Powder Caps Results Fatally At Quicksilver Mines

SAN JOSE, Oct. 21.—Johnnie and Albert Johnson, aged 10 and 8, and Douglas Reynolds, aged 8, sons of J. E. Johnson and E. A. Reynolds, miner and machinist respectively in the employ of the New Quicksilver Mining company, were blown to atoms by the explosion of 500 giant powder caps near the company's dynamite house shortly after 10 o'clock this evening.

News of Central California Towns

PORTERVILLE GETS STATE CONFERENCE

Congregationalists To Meet in October

Christian Scientists To Dedicate Debt-free Church Building Sunday

PORTERVILLE, Oct. 21.—An announcement was made yesterday that the next conference of the Northern California Congregational churches would be held in this city on October 29, 1926, and will continue for several days. This decision was made at the conference which has been held for the past week at Santa Cruz, and which has just closed in that city. Rev. C. N. Blomquist and Rev. Albert C. Ross, and of this city were present as the representatives of the First Congregational church of Porterville, and extended the invitation for the work to be done here, which was duly accepted. All of the delegates having been paid by the members of the First church of Christ, Scientist, of this city, the formal dedication of their church building is to be held on Sunday next. The principal feature of the gathering, aside from the services of the day, will be the dedicatory service, which has been drawn up by the higher officers of the organization, and a history of the work in this city will be given in the form of an address by the first reader, Mrs. A. M. Grant.

Several enthusiasts in the line of amateur dramatics met at the home of Mrs. W. E. Spurr last evening to discuss the formation of a dramatic club, which will also play here this winter. There is an extraordinary amount of talent along this line in this city, and work has already been done of this character which has been very creditable. A later meeting will be held shortly after a permanent organization will be formed and officers chosen. Dates for the coming winter, which is to be given this winter as a part of the work of the institutional department of the Congregational church, have been definitely announced. The first number will be given by Harry W. Lohy, a member of the congregation, who will give a lecture on the Yosemite valley. Plans for the other plays for which is personally took the photographs.

Plum from the Zante section shows that the new fruit being opened up there is especially well adapted to the culture of the new seedless grape fruit. At the office of a local grape grower there are now on exhibition two samples of this new fruit.

Oranges from this district, which have been packed this year, indicate that the fruit here will be so unusually large this year as to be considered a record. The average weight of the fruit is about 125, while the normal percentage of the smaller sizes is about twice that. This will undoubtedly tend to make the smaller sizes being notably higher priced. Reports from the East indicate that Florida oranges, which are being shipped out now, are a drug on the market, the ruling prices being \$1.00 to \$1.25. California oranges are selling easily for twice that figure for new crop.

Work is now on in earnest upon the new road which is to be built from this city to the orange district at Colton, a new line having been laid out along the river bottom, to avoid heavy grading on the hills. This will facilitate the hauling of the citrus and worth oranges, although the new grading will not be completed in time to be of much benefit this year. This road has been under discussion for a number of years, but it was not until this fall that the proper titles for rights of way were finally settled.

Announcement has been made by the transportation committee of the Chamber of Commerce, that a substantial betterment in the train service of this city will be the result of a new time table to be issued by the R. R. It is stated that the Overland Limited from the south will run through on the east side hereafter and that the local from Bakersfield will run on the west side. This will give Porterville through sleeping car service to and from the south. This is the point which the Chamber of Commerce has been working in vain for the past several months. It is not known definitely just when this new arrangement will go into effect.

CUPID IS ACTIVE IN CERES DISTRICT

Two Pretty Weddings Are Solemnized

New M. E. Minister, Rev. Irving E. Thompson, Cordially Received

CERES, Cal., October 21.—Two pretty weddings were solemnized this morning at 2 o'clock. The marriage of Miss Hattie L. Williams to George A. Murchard was solemnized by the Rev. P. B. Beck at the home of the bride's parents, Mr. and Mrs. Albert H. Williams, one mile south of Ceres. The bride looked very pretty in a dress of white silk. Sister Williams, brother of the bride, acted as best man, and Miss Murchard, a cousin, was the bridesmaid. The bride was escorted by her brother, and the groom by his brother. The ceremony was a simple one, and the bride and groom left for an extended trip to Southern California. They were accompanied by a large number of friends and relatives. The bride's parents, Mr. and Mrs. Albert H. Williams, are well known in the Ceres district. The groom, George A. Murchard, is a native of Ceres and has been in the district for some time. The wedding was a very pretty affair, and the bride and groom were both very happy. The bride's parents, Mr. and Mrs. Albert H. Williams, are well known in the Ceres district. The groom, George A. Murchard, is a native of Ceres and has been in the district for some time. The wedding was a very pretty affair, and the bride and groom were both very happy.

MERCED INSTITUTE COMES TO CLOSE

Three Day Session Held at Los Banos

Attendance Is Remarkably Good—Profitable Discussions Held

LOS BANOS, Oct. 21.—The Merced county institute closed yesterday evening after a very interesting and profitable session. With the exception of one member the entire membership of the institute was present at the closing session. The meeting was called to order by County School Superintendent Mrs. B. B. Smith. The first order of business was the reading of a letter from the Los Banos school. A song by the Los Banos school was followed by a report by the Los Banos school. The meeting was a very profitable one, and the members were all very happy.

DESPERATI FIGHTS FOR VENUE CHANGE

Wants Divorce Case Tried in Merced

"Long Distance" Relative Causes Amusement in Dry Court Session

MAJURA, Oct. 21.—The testimony in the Desperati divorce case on the question of jurisdiction occupied all of yesterday and today, for there are many witnesses to testify that Mrs. Desperati has changed her residence. As nearly all the testimony has to be given through an interpreter, the examination is long drawn out. A little humor was injected into the case this morning when one of Desperati's witnesses was asked if he was not a relative of the defendant. His answer that he was only a long distance relative caused a laugh in which Judge Truitt joined. As it now looks, some witnesses' relatives might be found to testify in the case to determine whether or not Mrs. Desperati has the legal right to sue for a separation in this county.

A jury in justice of the Peace Barcroft's court this morning acquitted Thomas Camp, a clothes cleaner, of a charge of battery, prepared against him by J. L. Francisco, a tailor. The jury consisted of six men, and the defendant was acquitted. The jury promptly acquitted Camp.

The First National Bank of Majura has moved temporarily into a hardware store, while contractors are converting the bank building into a modern structure. Miss Julia Sarge was a passenger to Fresno today. Another big batch of mining claims covering about 100 acres in the Kings River district, have been filed for record here by San Francisco parties.

Mrs. Corbridge of Washington, D. C., subject, "Woman's Dress," gave practical ideas, urging the ladies to be more independent and not to be a slave to fashion. Dr. Lyon's Perfect Tooth Powder was also mentioned. The meeting was a very profitable one, and the members were all very happy.

"Nature's Gift from the Sunny South"

Cottolene

Shortens your food—Lengthens your life

The source and making of Cottolene insure its purity. From the white, tufty tops of The Sunny Southland's cotton the seed is removed, the oil extracted, refined, and made neutral in taste and odor. From Cotton-field to Kitchen—human hands never touch the oil from which Cottolene is made.

Compare the source of Cottolene with the source of lard, and draw your own conclusions as to the comparative cleanliness, purity, and healthfulness of the two products.

Made only by THE N. K. FAIRBANK COMPANY, San Francisco, New Orleans, New York.

THE BIG BUSY CASH STORE.

PAID & KAMP

WHERE PRICES ARE ALWAYS LOWEST.

HANDICAPPED

This is the Case with Many Fresno People.

Too many Fresno people are handicapped with a bad back. The necessary work a burden and sleeping or sitting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Doctors and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Fresno evidence?

NEWS OF EVENTS IN REALM OF SPORTS

"Bat" Nelson and "Ad" Wolgast Are Matched

Lightweight Title at Stake in Forty-five Round Encounter

LOS ANGELES, Oct. 21.—"Bat" Nelson and "Ad" Wolgast were today matched to fight forty-five rounds for the world's championship in this city on Thanksgiving Day. The fight is to take place before the Pacific Athletic club, and a new arena, outside the city limits, will be built for the affair unless arrangements are made to use the arena of the defunct Jeffries Athletic club at Vernon.

The men agree to make 125 pounds, ring-side. A purse of \$12,000 is to be hung up. The title is now held by Nelson and will go with the decision in the coming fight. Acceptance of the terms from both of the men was received today by Tom McCarthy, manager of the Pacific Athletic club.

Calawa Triumphs in 2:12

Final Heat

The second largest crowd of the year witnessed the harness and running races at the county fair grounds in Stockton, Cal., today. The races were well patronized for their trip to the track, as the card was a fairly good one, notwithstanding that but three events were pulled off.

Calawa, driven by Charles De Ryder, won the 2:12 pace, the best time being 2:14.1, made by Dan Morris, Newport, in the second heat. However, Calawa was a sudden favorite for first position in this race and Newport was compelled to exert himself in the coming fight.

Milton Gear, piloted by J. Matthews, captured the first heat in a driving finish. Calawa was last in the second heat, Morris went Newport after the laps from the gateway. He held a commanding lead to the quarter, but was forced to stop briefly from the half-mile post home. The rider's horse was coming at the rate of a Shasta Limited. In the third, Newport, who was a huge favorite with the crowd, gave off a splendid start, but when three-quarters of the distance home had been reached he was noticeably in distress, permitting Calawa to stride under the tape a comparatively easy winner.

Milton Gear slipped into second place, T. D. W. arrived third for many a long day. In the fourth heat, the field was off to a good start, with the advantage accruing from a short run. The crowd, however, was not in the mood to see the race, and the four entries figured in the disaster. Milton Gear was the luckiest and continued at about the same speed. Calawa was in close pursuit of the race, and the crowd was in the mood to see the race, and the four entries figured in the disaster.

TWO VIEWS OF DR. ROLLER, WRESTLER, WHO IS ON TRAIL OF FOREIGN MAT ARTISTS

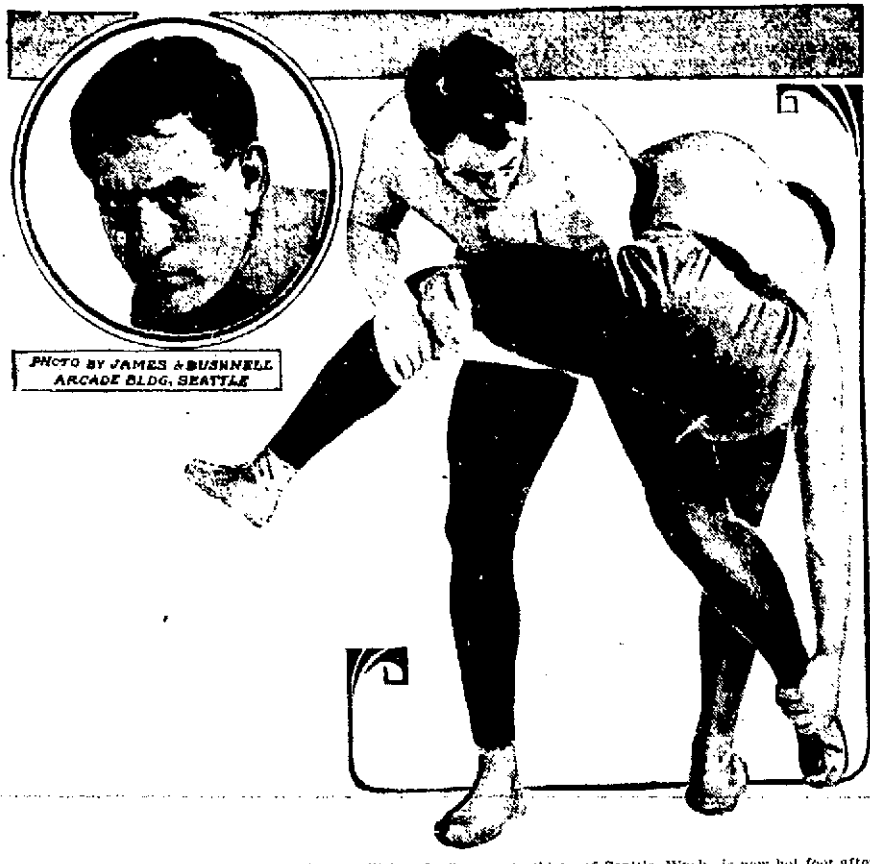

PHOTO BY JAMES A. BUSHNELL
ARCADIA BLDG. SEATTLE

Bernard P. Roller, physician, wrestler, pugilist and all around athlete of Seattle, Wash., is now hot foot after the foreign mat artists who recently arrived in this country in search of fame and the coin. Roller says he is willing to take on any one of the foreign champions, including the Italian giant, or Zhyso, the Polish champion of flesh. The doctor also announced that he will bet anything from a toothpick up to a thousand dollars that he can take the measure of any one of the foreign grapplers mentioned. Since his debut in the wrestling game several years ago, Roller has met with considerable success, having won two defeats chalked up against him, those by Gatch, the world's champion. The doctor will tackle Rooney before one of the clubs in Kansas City, Mo., within the next few weeks. Roller recently tried his hand at the boxing game, but was anything but a success. While he had a good windup, still he lacked speed when sparring. Some years ago while at Pennsylvania University he figured prominently in athletics. Illustration shows Roller endeavoring to break knee hold, opponent applying counter for same.

LOS ANGELES, Oct. 21.—"Bat" Nelson and "Ad" Wolgast were today matched to fight forty-five rounds for the world's championship in this city on Thanksgiving Day. The fight is to take place before the Pacific Athletic club, and a new arena, outside the city limits, will be built for the affair unless arrangements are made to use the arena of the defunct Jeffries Athletic club at Vernon.

The men agree to make 125 pounds, ring-side. A purse of \$12,000 is to be hung up. The title is now held by Nelson and will go with the decision in the coming fight. Acceptance of the terms from both of the men was received today by Tom McCarthy, manager of the Pacific Athletic club.

Don Eric, b. s. By McKinney..... D. L. Linger, Driver

THIRD RACE—RUNNING RACE, THREE-QUARTERS OF A MILE.
ED. R. SMITH, Starter.

LATONIA RESULTS

CINCINNATI, Oct. 21.—Richard Reed, coupled in the betting with Right Easy, won the Gay Muscular stakes today, defeating the heavily-played favorite, Beson, by five lengths. Favorites won the majority of the races. Results:

First race, six furlongs: Hudas Miller, 4 to 5, won; Anavri, 5 to 1, second; Oscar, 12 to 10, won; The Peer, 5 to 1, second; Grania, 5 to 1, third. Time, 1:13 1-5.

Second race, six furlongs: Rose Queen, 11 to 10, won; King Cobalt, 11 to 5, second; Angelus, 9 to 2, third. Time, 1:12 3-4.

Third race, six furlongs: Jeanne d'Arc, 11 to 5, won; Beson, 3 to 5, second; Royal Onyx, 3 to 1, third. Time, 1:13.

Fourth race, mile and one-half furlongs: Dandy Dixon, even, won; Faultless, 7 to 1, second; Hanbury, 12 to 5, third. Time, 1:50.

Fifth race, five and one-half furlongs: Sticker, 7 to 5, won; Christina, 10 to 1, second; Flying Footsteps, 5 to 1, third. Time, 1:08 3-4.

NEW YORK RACES

JAMAICA, N. Y., Oct. 21.—Jeanne d'Arc easily won the Gowanus selling stakes today, defeating the heavily-played favorite, Beson, by five lengths. Favorites won the majority of the races. Results:

First race, six furlongs: Hudas Miller, 4 to 5, won; Anavri, 5 to 1, second; Oscar, 12 to 10, won; The Peer, 5 to 1, second; Grania, 5 to 1, third. Time, 1:13 1-5.

Second race, six furlongs: Rose Queen, 11 to 10, won; King Cobalt, 11 to 5, second; Angelus, 9 to 2, third. Time, 1:12 3-4.

Third race, six furlongs: Jeanne d'Arc, 11 to 5, won; Beson, 3 to 5, second; Royal Onyx, 3 to 1, third. Time, 1:13.

Fourth race, mile and one-half furlongs: Dandy Dixon, even, won; Faultless, 7 to 1, second; Hanbury, 12 to 5, third. Time, 1:50.

Fifth race, five and one-half furlongs: Sticker, 7 to 5, won; Christina, 10 to 1, second; Flying Footsteps, 5 to 1, third. Time, 1:08 3-4.

BILL DAHLEN MAY SUCCEED SEYBOLD

TOLEDO, Oct. 21.—President W. R. Armour of the Toledo baseball team is expected to announce this week the name of the player whom he has in mind to succeed "Boss" Seybold as manager of the Toledo team. It is believed that his choice will be "Bill" Dahlen, who played shortstop for the Chicago Nationals in the days of Adrian Anson, and who was later released by the Boston Nationals. It is understood that the Buffalo and Baltimore teams of the Eastern league have been negotiating with Dahlen to take the playing management of those clubs.

ENGLISH RACES

SANDOWN, PARK, Oct. 21.—The Orleans Nurser Handicap of 300 sovereigns, five furlongs, was won today by Mellita, Junke, who beat and beat Ideal third. Twenty-one started, including H. P. Whitney's Handicap filly and August Belmont's Fond Memories.

The Temple Handicap of 300 sovereigns for 3-year-olds and upward, five furlongs, was won by Master Hopson; Vigilance second and Vintage third. H. P. Whitney's Sea Cliffe run unplaced.

LOS ANGELES

LOS ANGELES, Oct. 21.—With a burst of batting strength in the eighth inning today succeeded in breaking a score and winning the game by a score of 3 to 1. It was a pitchers' battle between Toner and Tompesson, and was characterized by good playing on both sides.

Browning Outheaves Carson in Close and Exciting Game

SAN FRANCISCO, Oct. 21.—San Francisco won from Portland today, 2 to 1, in a hard fought game before a record crowd. The winning run was scored in the eighth inning. Browning outthrew Carson, the favorite, in a close and exciting game. Browning was in good form, allowing only six hits and striking out eight batters. Score:

AMATEUR BASEBALL

MODESTO, Oct. 21.—The Modesto Reds closed the season of 1909 last Sunday, by defeating the Modesto team of Oakland, by a 3 to 1 score. The Reds have had a most successful season, have given the Modesto fans high calls exhibitions at every game, and won a majority of the games played in the past, and are still putting up a making every endeavor to come up from Visalia in time to be in the opening game.

With all the star players in the 81 Mary's line-up, the invaders should be able to fight for the lives to win. The Oakland Stars are at present in their best trim, and no doubt there will be a large gathering of the fans to watch the two teams in action. The second and third game will take place on the same grounds Friday and Saturday. A Sunday morning game will be played at Recreation park in San Francisco, while the final exhibition will be at the Grove park Sunday afternoon.

Kramer, Knight, Hooper, Chase and several other celebrities at present in the baseball world first made a name for themselves while they were members of the Phoenix club of 1907.

There are many a wise member of the brigade is doing it out.

There are still many who believe that the fight was fought strictly on its merits and that Ketch lost everything since his horse, his men who have suddenly been placed in such a sad predicament, generally do not go about riding in the finest of automobiles. The silent punch and the other queer incidents before, during and after the fight, all may take many a long day and many a strenuous effort to convince all the fans that there was nothing wrong.

Senators Drop Third

Straight Game To Vernon

SACRAMENTO, Oct. 21.—His counted for little today when Vernon dropped the third straight game from the Senators, winning by a score of 1 to 0. Martin was the visiting hero, getting two three-runners, each of which was responsible for a run. He opened the fourth and fifth innings with long drives and easily secured a home run work on the bases deprived Sacramento of runs in the fourth. Score:

OAKS WIN PENNANT IN STATE LEAGUE

The Oakland Invaders are winners of the pennant in the California State League. Word was received yesterday that the National Commission had not yet decided on the postponed Oakland Stockton game, so the clubs took it upon themselves to settle the trouble in question themselves, but not before much argument. Stockton was for playing a new series, but to this day Morning turned a deaf ear and set a brand deal of policy. The managers of the Slough City aggregation gave in to the local leader and declared that the postponed game should go to the Invaders.

The Invaders thereby claimed the pennant, having won four out of the seven.

The supposed invasion of California by Northwest League players proved to be only a much exploded "hot air." The only member of the Portland Northwest club to come with the Invaders in Seaton, who replaces Chennault.

It is proposed to have a club in Sacramento next year, somewhat on the plan that McCrellis is doing in Portland, whereby players can be switched from one outfit to the other. In other words, a new club manage the teams in the Coast and State Leagues.—Oakland Tribune.

Some manufacturers believe you will forget this fall's overcoat by next year. We believe you won't and we have worked

Sincerity Clothes

are built to be remembered. If you forget, we lose. Sincerity Overcoats are made of London shrunk cloth. Weather does not stretch them or spoil the style.

Young overcoats for the young men, conservative styles for older ones.

A best about young men's fashions (and other men's) free for asking. It's worth a try.

FOR SALE—Real Estate

FOR SALE—A section of flat rich land in the arid belt in Tulare county. There is not a knot of a weed in the entire 610 acres. Artesian wells drilled all around this land show a depth of soil of 20 feet and there is not even a trace of alkali. It is called a perfect section, being fine beet sugar land, and also the best for alfalfa, flax, cereals, and nearly every kind of orchard or vineyard excepting citrus. Price \$10 an acre, terms 1/2 cash, balance 1/2 and 2 years.

THE READER will wonder why such land as this, if as good as advertised (and it is), should be offered at such a price. These are the reasons. It is in a new district and developed yet; it is 7 miles from the railroad, and the cash payment required is heavy. The land is really worth \$100 an acre now, and will soon be worth \$150. Apply to Owner, Box 1, R. 1000.

FOR SALE—20 acre ranch all improved, near Selma, 10 acres alfalfa, 10 acres alfalfa, new four roomed house, new barn. Price \$4500. A bargain. No real estate agents. Ranch, Box 45, Republican.

FOR SALE—30 acres improved. Must be sold at once. Write A. D. Box 27, Republican.

60 ACRES ARMY STREET, \$100. These lots are inside city limits and have city improvements. Owner makes this price for quick sale.

FOR SALE—30 acre lot for alfalfa, house, barn for 50 head horses. Splendid, all under fence. 2310 Kern.

SANTA FE WILL BALLAST WITH FRESNO COUNTY ROCK

**Power For Crushers At Kings River Quarries
Will Probably Be Furnished By New
Electric Plant At Crane Valley**

That the Santa Fe railroad is to use one hundred million tons of crushed rock from Fresno county in ballasting its roadbed from Stockton along the entire San Joaquin valley is the information gained yesterday from reliable authorities. The rock is to come from the quarries toward the source of the Kings river and it is stated that an agreement has practically been reached between the San Joaquin Light and Power Company and the officials of the Santa Fe railroad whereby the first named corporation is to furnish the necessary power for quarrying from its Crane Valley plant, which is now in course of construction. This in a measure is the explanation of the extension of the Wahtoke line of the Santa Fe up the Kings river, announcement of which was made several days ago.

"The extension of the Wahtoke line," said Manager A. G. Wilson yesterday when approached on the matter, "was practically decided upon months ago. At that time one of the engineers of the Santa Fe railroad came to my office in Fresno and asked for information as to where suitable rock for ballasting might be found. I took him to my automobile and we went to the Kings river quarries for the purpose of making an inspection. He was surprised with the quality of the rock shown him. He took samples and made an examination, and the result was that he recommended a favorable report."

"After the government good roads man, who was here making an inspection of Fresno's highways, was taken to the quarries, he was very favorably impressed with the rock, not only for ballasting purposes, but for road construction. The rock is said to be exactly similar to the one used on the heels of the Pennsylvania road, which are claimed to be the finest in the world. The only objections made by the Santa Fe engineer and by the government's good road expert as well as that the quarries were not accessible to the railroads so that the rock could be transported at a low cost."

COST TO BE SMALL.
"Now the Santa Fe proposes to overcome this objection by extending its branch line, and it is thought that when this work is completed and trains placed in operation it will be possible to place the rock in Fresno at a maximum cost of 45 cents a ton and, very likely at a much lower figure than that. At present we are forced to secure our rock from the Merced river canyon at a cost of over a dollar per ton."

According to Wilson at the time that inspection was made by the Santa Fe engineers and later when that company decided to extend its Wahtoke line assurances were given that the local company would be asked to enter into a contract to furnish power for the crushers at the quarries. Wilson and a number of other Fresno men have interests in the Kings river quarries and naturally are interested in their development. The traction man, however, informed the Santa Fe people that he was more interested in the extension of his power lines than in anything else in connection with the quarries and he was given to understand that about 250 horse power would be utilized to operate the crushers when they were ready for business.

But the rock to be taken out of the quarries will not be utilized entirely by the Santa Fe. It is stated that the supply is inexhaustible and that for the reason that the bulk of the main line of the Santa Fe from the quarries will only be fourteen miles at most. This means that practically the quarries will be on the main line and that cars can easily be filled with the rock and transported to any point, but easily almost as far as Fresno.

TESTS MADE.
Several samples of the rock have been crushed into suitable sizes for road building and brought to Fresno for inspection by those interested. The rock is shown to be a sort of green slate which breaks as fine as desired without actually crumbling into dust. Tests have proven that instead of being ground into fine particles by traffic the rock simply wears smooth by constant friction, thus showing that a road covered with it would be a permanent one.

KINGS COUNTY GROWERS APPROVE TIELMAN PLAN

**President Giffen and Director Heisinger Address
Hanford Gathering; Another Meeting
Called For Monday**

President Wylie M. Giffen yesterday after an all-day session at Hanford successfully launched the Kings county end of the proposed million dollar corporation under the Tielman plan. At the conclusion of the meeting a motion was unanimously adopted endorsing the plan and an adjournment was taken until next Monday, at 2 o'clock, when all the growers of the county will be asked to attend and hear the plan discussed and then to sign the five-year contract that has been prepared. The Kings county director will also be selected at that time. A committee consisting of A. V. Taylor, H. Hitchcock and C. R. Watson was appointed to advertise the coming meeting and to make all the necessary arrangements. Yesterday's meeting at Hanford was held in Dewey hall. The attendance was fully as large as was expected.

In view of the fact that the meeting was called only a few days ago and that all the growers had not been properly notified, President Giffen and S. L. Heisinger, one of the directors, spoke strongly in favor of the new plan, showing its merit over the old Gardendale plan. Their remarks were received with enthusiasm and before the final motion was passed for next Monday's meeting several of those present expressed themselves emphatically for the proposed corporation.

The local headquarters of the company were opened yesterday morning at 944 I street, with John Bonnar in charge. Owing to the fact that it had become generally known that President Giffen would be away and that he therefore would not be on hand personally to receive the growers only one contract was signed up during the day. Chris Jorgensen was the man to affix his "John Hancock" to the document, and his name will therefore head the list.

President Giffen upon his return to Fresno last night stated that he was not surprised at the fact that only one signature had been secured. He declared the fact that the office would be opened yesterday had only been made known two days previous and that furthermore his personal time had been occupied in arranging for the preliminary meeting at Hanford that he had more or less neglected the Fresno end.

But today he expects to be in harness in good shape and ready to personally receive the growers and explain any particular clause of the contract that may not be clear to them.

GAS OVERCOMES MAN ON STREET

**Almost Expires With Help
Close at Hand**

**Keeps at Work While the
Deadly Fumes Rob Him
of His Senses**

George Akley, a laborer, had a narrow escape from being asphyxiated yesterday afternoon shortly before 3 o'clock, almost in the center of I street, between Mariposa and Fresno streets, while hundreds of persons passed along the sidewalks within a few feet of the spot where he lay rapidly losing his senses and unaware of his predicament.

Akley, who is a husky workman of middle age, is one of a crew of laborers now engaged in adjusting the connection of gas pipes on the street mentioned. The pipes are laid underneath the paved streets and in order to reach them it is necessary for the workmen to cut away sufficient of the asphalt to admit their bodies and then burrow underneath in the softer dirt to make a space large enough to allow them to work.

Akley, after the burrowing, crawled through the aperture and started to work on one of the connections. His hand occupied with his work he failed to notice the large amount of gas that was continually escaping as he kept at his task.

The fact that he was in danger did not occur to him until he suddenly became so drowsy that he was unable to work. His tools—dropped from his hands and only by a heroic effort brought about by his presence of mind did Akley finally manage to reach the surface of the street. As he reached the open air the man was overcome and he fell over in a semi-conscious condition.

Fellow laborers, at once realizing what had happened, rushed to his assistance and grooved him on his back, inducing him to use his legs in an effort to walk until his lungs had exhaled all the poisonous fumes. It was several hours before Akley regained his normal condition.

The same laborer met with a somewhat similar experience about three weeks ago, but the lesson was evidently not heeded.

HARRIS TO BEGIN PUBLICITY WORK

**Almost Expires With Help
Close at Hand**

**Keeps at Work While the
Deadly Fumes Rob Him
of His Senses**

W. N. Harris, representative of the Peck-Judah Company, with whom a contract will be made by the chamber of commerce to advertise Fresno county all over the coast, expects to take up the work without delay. Harris having once been a resident of this city, where he conducted a real estate office, is peculiarly fitted for the work of advertising this particular county, and will manage the work personally, though he has a number of others connected with the company who are experienced in advertising methods. In order that the intending settlers in Los Angeles who may call for information may be shown direct proof of the products that are raised in this county, Harris has been furnished with an order by the local chamber empowering him to have the exhibit of Fresno county removed from the chamber of commerce building in the southern part of the city to the office of the Peck-Judah company at 523 South Spring street.

Harris will also be furnished with stereopticon slides to be used in illustrating his lectures and it is probable that moving picture films of the local vineyard and wipery taken a few days ago may be sent him. These films, in view of the fact that the original cost of \$1 per foot has been paid by the wine growers men, may now be secured at one-tenth the cost. The proposition has been submitted by Secretary Robertson of the chamber of commerce and is now being considered.

Harris is very enthusiastic about his work and states that if Fresno county does not obtain results from his plan of advertising he will be the first to ask that the contract be cancelled.

"It is the purpose of the Peck-Judah Company," says Harris, "to give Fresno county the best and widest publicity possible at a minimum cost. The only way that more time could be devoted to Fresno county would be for the board of directors to start a bureau of information in each of the leading cities of the coast. One can readily imagine the cost of such a procedure. We will, of course, devote some time to other localities, but the slugs here, I am sure, will be the first to be secured. Fresno county will not suffer as a result, and that their interests will be well protected."

The director of the census prior to leaving Washington, and who is also considered a very capable and able man, Mr. Denett, and we all agree that in this work it is advisable that we have the co-operation of the various commercial bodies throughout the district.

While some consideration, no doubt, should be given to political affiliation in the appointment of census enumerators, yet this should be a secondary matter, and I express the hope that your organization will be willing to cooperate with others controlled by the business supervisor in all matters pertaining to the taking of the coming census.

Any suggestions you may have to make in regard to this matter, I am sure, will be cordially considered and well received by Mr. Denett.

I am, with best wishes,
Very truly yours,
J. C. NEEDHAM.

DESIRES CENSUS TO BE ACCURATE

**Congressman Writes to the
Chamber of Commerce**

**Asks Local Organization to
Aid in Securing Report
on Population**

Secretary Robertson of the chamber of commerce has received the following communication from Congressman Needham, urging the local organization to co-operate in the proper taking of the Federal census:

Modesto, Calif., Oct. 20, 1909.
Chamber of Commerce,
Fresno, Calif.

Gentlemen:

As you know, the next census will be taken in April next.

The appointment of enumerators and the division of the various counties into enumeration districts rests with the supervisor of the census for this district, Mr. J. L. Denett, Modesto, California.

It is of the greatest importance to the various counties that we should have an accurate census. We do not, of course, want the census stuffed, but we do desire to get the full population enumerated.

Your organization is engaged in promotion work, and it is directly in line with the work in which you are engaged to see that an accurate census is obtained. A census that is taken in a slipshod manner, and which does not include the true population, is a real detriment to the county, which it must suffer for years.

I had a talk about this matter with

RETIRED LAWYER DIES IN FRESNO

L. J. Jones, who has been a resident of Fresno for the past year, died at 1:30 o'clock yesterday morning at 1441 N street. Mr. Jones was admitted to the bar in 1881 at Bedford, Iowa, where he practiced law a number of years. From there he went to Kansas City, Missouri, where he was engaged in the real estate business until a year ago when he came to Fresno.

Stop Cough

Those hard night coughs of the children? What shall you give them? Just what your mother gave you, and just what her mother gave her! In some families, Ayer's Cherry Pectoral has been the only cough medicine for seventy years. Once in the family, it stays. Keep it on hand.

TOO MUCH MUSIC FALLS ON FRESNO

"Fifty Miles from Boston" Even Farther Than That From Being High Class
Theater-goers cannot stand the strain of three musical plays in one week—that is evident from the houses that greeted the first one, "Fifty Miles from Boston," which played last night at the Barton. With pleasant memories of this play as presented by a very excellent company last year it was difficult to get up the proper enthusiasm for a second performance and that done by a company of players far from the top ranks of musical comedy artists.

Any play with George Colman's name attached carries with it some sort of merit, but even Colman plays got to be strident, and unless considerably disguised by new business and clever people must be relegated to the ranks of the "has-beens." So it was with the Boston play last night, styled "Fifty Miles from Boston" on the program. The company, with one or two exceptions, was decidedly amateurish, the principals showing evidences of having been snatched a bit too suddenly from the ranks of the chorus.

Laura Bennett carried off the honors of the play last night in the role of Mrs. Tifford, the part made famous by a worthy comedienne, and a sister of the fair Lillian Russell. She was with the company last year and was so good that anyone following her in the role would have some prejudice to overcome. Miss Bennett played it very differently and quite originally. Her makeup was excellent and her singing of the "Auntie Aunty" song made a hit.

All the other familiar numbers were on the program, but sung with indifference—except "Harrigan," that went with a good swing.

Strange King played acceptably the supporting role of the headline. She lacked the naive manner and naturalness that give the character of the little postmistress its charm, but sang rather well and at times forgot herself sufficiently to do some really good acting.

The men of the company were all poor—Edwin Holden in his portrayal of Jed Woodie carrying the most conviction in his acting. R. A. Wagner as the fat boy was a hit, but the leading man and his second were not up to their roles and let the interest in their scenes fall rather flat.

If Mr. Colman sends us something new and up-to-date with a first class company, his plays will be welcome, but no more warmed over editions of past successes can draw houses.

The Price of the Edison Phonograph

An Edison Phonograph can be bought for your price whether it is \$10 or a higher price up to \$125.00, all playing both Amberol and Standard Records.

But you cannot measure the Phonograph by money. Whether the price is \$10 or \$125.00, it is not much to pay for an instrument that will last a lifetime, which will furnish you good music every day, which will furnish you better entertainment than you can buy in any other way, which will teach your children to love the best music, which will bring into your own home what other people pay large sums and go a long distance to hear.

Edison Standard Records 35c
Edison Amberol Records (twice as long) 50c
Edison Grand Opera Records 75c

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from us.
